### The Tricks Every Web Designer Must Know

<https://www.primal-tv.com/index.php?do=/blog/10773/a-word-of-advice-on-doing-web-design-right/>

Whether a website is successful or unsuccessful can easily be decided by its design. The more appealing your design, layout and navigation, the more likely your visitors are to trust you, bookmark your site and return for more. However, if you have bad web design, these visitors will exit out of your site without viewing any content. Use all the tips from this article so that you too can become a
