designjet formatter board

<https://designjetpartsfast.com/>

You can save thousands of dollars repairing your Designjet plotter. I'm often asked, 'how long will my plotter last if I repair it myself? The answer I've been using as a general rule is 4 to 5 years. With affordable replacement parts, fast delivery, detailed youtube instructions, and access to an experienced technician - you have found your one sources for complete Designjet repair satisfaction.
