There are lots of, lots of, lots of apple iphone games with motifs not dissimilar to the top games. There are dozens of guitar simulations. There are 5 other iFart apps. So merely having a great idea isn't sufficient. The iFart apps are an interesting image. Virtually uniformly, they have actually not developed a following, and the comments are mainly adverse-- not considering that they're off-color and foolish, however considering that they're not effectively carried out and users don't like them.
