Here's how an influential businessman during the Usa describes social media marketing: - "It is definitely the resource of reports, it is the connector for the big multi-celled organism called world Earth. As time goes on, social media marketing is my residence online. It is my residence web page, the put where I devote one of the most time. It is where I do company. It is where I hang out with pals. It can be where I discover about new flicks, tv and other products and solutions. It is my diary. Hunting back on my wall, I have a background that is certainly far richer than any diary or journal." Kurt Sonderegger, VP Internet marketing, Ploom
