Hot Runner Coil Heater Manufacturers

<https://www.coilheater.net/products/hot-runner-coil-heater/id158mm-hot-runner-coil-heater-with-black-fiberglass-braided-1532.html>

Originally designed for the mass spectrometry market, KOS pressed in brass coil heaters have measured 8% faster responding than cast in brass heaters. High ductility allows the heater to be cold formed into almost any shape. Dimensions from 0.040" (1 MM) to 0.188" (4.8 MM) diameter, the cable heater packs a lot of heat into a tiny space.
