Forget about the myth that Private Jets are only for the rich and famous. For vast majority of people Private Jet Hire for their holiday or business trip doesn't even factor into the equation presuming that it's going to cost a fortune and simply won't be affordable. Our Private Jets rental are not only for wealthy entrepreneurs, movie stars, sports athletes, musicians we adopted our services available for absolutely everybody. One of our Medium range aircrafts would fly you from London to New York from ?2,850 per hour where one first class commercial flight from London to New York would cost upto ?6,000 per person depending on the airline used. So for those who already willing to spend thousands on business and first class commercial travel, this potentially would save a fortune.
