How to Turn Your Ideas to Profitable Patents

https://www.huffingtonpost.com/jonha-revesencio/the-ultimate-guide-to-pat_b_6718712.html

Crowdsourcing offers inventors a unique and effective way to get the money needed, without giving away a percentage of their product's profits. However, this should not be done, until the product is patented, because someone, who has more money, can easily steal your ideal, if they patent it first.
