### Does the Aadhar Card Project Assist Indian Citizens or the Government?

<https://aadharcardstatus.in/>

The Aadhar Card Project was conceived as a means to retailer important, exceptional information for every applicant and prove their identity, also as citizenship status. Officially, it could be an incredibly secure document for India nationals and citizens.

The Aadhar Card Project was conceived as a means to retailer important, exceptional information for every applicant and prove their identity, also as citizenship status. Officially, it could be an incredibly secure document for India nationals and citizens.
