Restaurant self-service system

https://www.smartordersystem.com/index.php/en/product/product/restaurant-pos-smart-pos.html

SmartOrder is a technology company that specialized in new innovative technology for restaurant operating systems. Today, due to inflation cost the challenge for restaurant operators to profitably and efficiently manage and grow their businesses has never been greater. SmartOrder introduces a new restaurant POS (Point of Sales) system that reduces cost and increases your revenue by enhancing the customer's dining experience through its technology and reduce the number of well-trained staff.
